

Solutions First is becoming a part of the Guardian Credit Union family!

Exciting news! Our members have approved the merger of Solutions First Federal Credit Union with Guardian Credit Union. Thank you for your continued trust. We're thrilled to welcome you to the Guardian family, where you'll enjoy even more ways to reach your financial goals, while keeping the personal service you've come to expect.

Nothing changes right away. You can keep banking exactly as you always have, with the same accounts and services until September 2, when your accounts will officially convert to Guardian Credit Union. But don't worry, the people you know and trust will still be there to serve you after the merger is complete.
